EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- a) Cancel claims 15-22.
- b) Claim 6, line 2, delete "said handle" and replace with - - a handle that is connected to the base assembly - -.

Reasons for Allowance

Applicant argues the following:

Particularly, with reference to Williams '678 at Col. 7, lines 15-36 and Col. 8, lines 21-31, it can be seen that Williams '678 only contemplates permitting debris to be vacuumed from either side of the rotatable brush **through selection by the operator** (Col. 8, 1.24-25). That is, the operator selects which nozzle is to receive the suction power, be it the suction nozzle in front of the rotatable brush or the suction nozzle behind the rotatable brush. In distinction, claim 1 covers a cleaning machine wherein the valve assembly that is associated with the suction nozzle assembly covers or uncovers the front and rear nozzle portions in **response to the base assembly moving in forward and rearward directions**. This is significant in that, in accordance with the present invention, the operator of the cleaning machine does not have to take additional steps to ensure that the vacuum source is acting upon the appropriate nozzle. Instead, the vacuum source is applied to the appropriate nozzle in response to the direction in which the base assembly is moved. In light of this claim limitation, reconsideration of independent claim 1 is respectfully requested, and it is believed that claim 1 and all claims dependent therefrom are in condition for allowance.

The arguments are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David A. Redding whose telephone number is 571-272-1276. The examiner can normally be reached on Mon.-Fri. 6:00 - 3:00.
